

In all 50 states in the U.S., pharmacists can now play an active role in combating vaccine-preventable diseases. Opportunities for pharmacists to provide immunizations are on the rise. Many schools, companies, and organizations now offer pharmacists immunization training and education. Pharmacists and student pharmacists are strongly encouraged to participate in immunization-related activities. APhA's Immunization Handbook, 2nd Edition has been thoroughly revised and updated. Written in a concise and quick look-up format, this essential resource provides numerous guidelines, tips, and resources for building and sustaining a successful immunization practice. Key Features: Up to date CDC Immunization Schedules Revised vaccine billing information, codes, and resources Updated vaccine product information Updated vaccine safety information Frequently asked questions
