

April 12, 1886 Laura and Mark Williams have been married for just over a month. Things were going great for the newlyweds until Laura disobeys Marks instruction to wait until he can take her riding. Not only does Laura sneak out and take her horse Belle for a ride through the woods alone, but she also wears a pair of pants that she made for herself, something that is unheard of for their time. When Laura loses track of time Mark finds her and teaches her a lesson she wont soon forget. Laura thought that she was too old to be spanked but Mark has different beliefs. Will Marks form of discipline help guide Laura to be the best person and wife that she can be, or will it send her running? This is the first installment of the Lauras Lessons serial. Each installment is 2,500-3,00 characters. The installments will also be offered in sets of four after they have been released individually. NOTICE: This story contains domestic discipline including the spanking of adult women. If such material offends you, please do not read this book.
