

Process of Praise is Lewis P. Bryons first publication. Process of Praise is about the evolution of a spiritual being while yet being human, as portrayed through the time tested literary art form of poetry. Its intention is to illustrate the progression of maturity, personal growth, and praise in the context of a relationship with God. It is purposed to impassion every man and woman to dare to dream, to live, and to be what is seen when they look into God for themselves. Be convinced that your laughable imaginings and star bright notions are not impossible.
